BROADEN YOUR EXPERIENCE

Emergency Nursing as a Specialty
The Emergency Department is accepting applications for students graduating from 2 year and 4 year Registered Nurse programs at local colleges.

Brookhaven Memorial Hospital offers the Emergency Nursing Internship Program to provide the new graduate with further education and clinical rotations to expand their knowledge and expertise in Emergency Nursing.

This program is endorsed and monitored by the New York State Department of Health.

Our Mission

to Communicate…Advocate…and Promote safety and quality care for our patients, families and each other.

Our Vision

Practice the art and science of nursing in a culturally diverse environment supportive of patients, family and staff.

Foster excellence in clinical practice and commitment to patient satisfaction.

Achieve recognition as a Nursing Department in which staff demonstrate passion for their work and compassion for their patients.

The Emergency Nursing Internship Program
The Program is a twelve-month program that offers graduating Registered Nurses clinical rotations and expands their knowledge by interacting with various disciplines throughout the Medical Center. Students will be assigned to a Clinical Educator who will coordinate both the classroom and hands-on training. Students must pass the programs and coursework (e.g., ECG interpretation course) prior to beginning the final rotation and orientation to the ED.

Successful completion of the program includes passing of courses and submitting of all relevant material based on the instructor's timeline. Students may have varied work schedules depending on the normal operating hours in a clinical area.

Upon successful completion, the student will be assigned a full-time position in the Emergency Department.

Course Work
- ACLS
- ECG Interpretations
- Emergency Nursing Course
- Leadership and Critical Thinking
